MOORING AND TOWING MARINE EQUIPMENT

## Special Plow High Holding Power Anchor

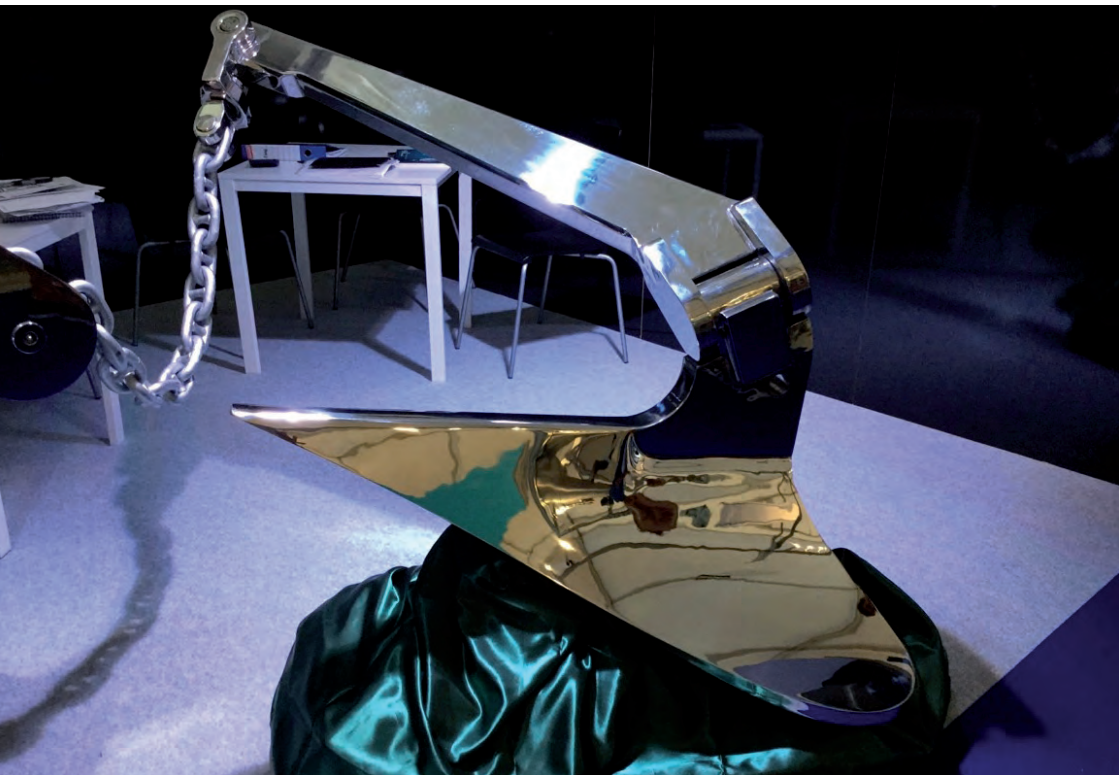

High Holding Power anchors allow a weight reduction of 25% compared to an ordinary anchor. The only one made in Italy by qualified workers.

\*\*10% shortened shank possible

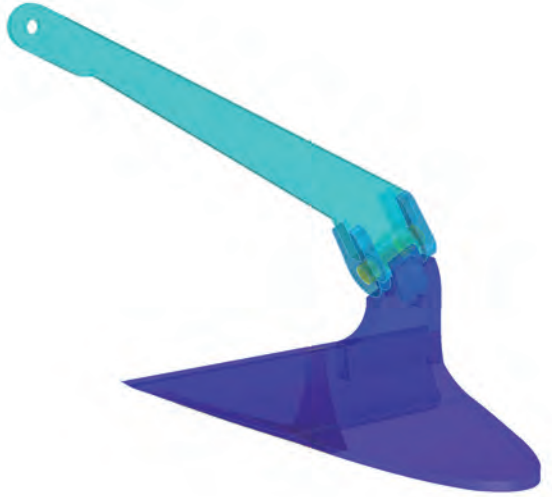

\*\*increasing of weight on the upper side by molten zinc possible up to +10%

RINA and ABS certificate

Available in hot dip galvanized execution, stainless steel Duplex mirror polished, electro-polished and super passivated.

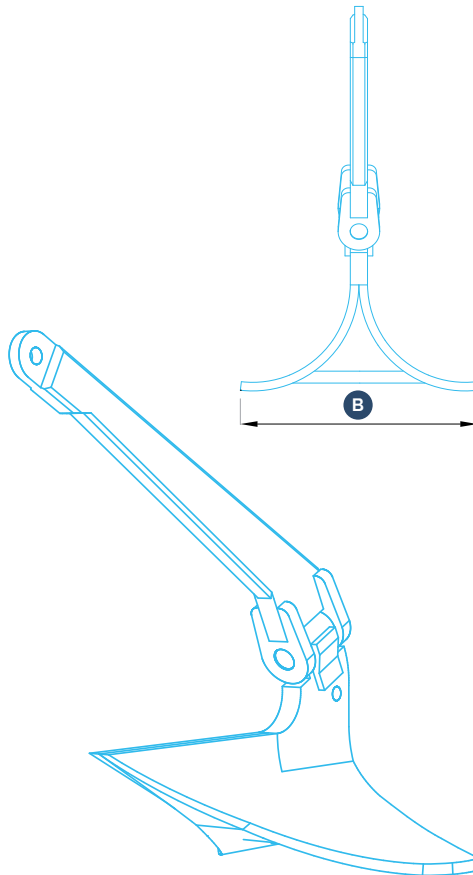

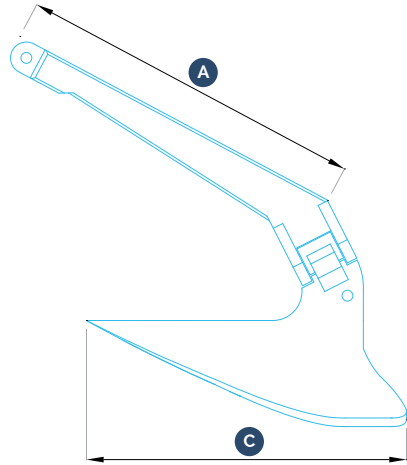

The Plow anchor's anchoring power makes it a versatile anchor and very suitable for sandy and muddy seabeds. The traction tests, in the presence of shipping registers, allowed us to validate the anchoring capacity.
